

Respiratory Shift Coordinator

St. Louis Children's Hospital is seeking a **Respiratory Night Shift Coordinator** to join our team. Having been recognized by *U.S. News & World Report* and *Child Magazine* as one of America's best children's hospitals, SLCH provides a full range of pediatric services to the St. Louis metropolitan area and a primary service region covering six states. SLCH also offers nationally recognized programs for physician training and research in its role as the pediatric teaching hospital for Washington University School of Medicine.

The Respiratory Shift Coordinator takes exceptional care of people by providing therapeutic, diagnostic and assessment related responsibilities.

Qualifications include an Associate's degree in Respiratory Therapy, current Respiratory Therapy licensure in Missouri and prior Respiratory Care experience (2+ years preferred).
